THE REQUEST FROM OUR MISSION PARTNERS IN LISBON, PORTUGAL:

Portugal is a country with a rich history. Once a world power, it is now the poorest country in the European Union. Portugal is a post-modern secular culture with an overlay of cultural Roman Catholicism. It is only about 1% evangelical and has never been much more than that. Western Europe is less responsive to Gospel than the many parts of the world where Christianity is openly persecuted. The IMB team in Portugal is seeking to initiate a church planting movement among Portuguese people and the many immigrants who live here. Music is an ideal media to initiate relationships in which the Gospel can be shared.

PROJECT OBJECTIVE:

The goal of this project is to use a youth team to reach teenagers in the Lisbon area. The group would perform music, and/or skits, mime, and drama that promote moral ethics to be performed in the public schools. Our goal is to use the performing arts to promote foundational ethical principles during the day at the schools and then invite the teens back to participate in other events outside the school where the Love of Christ is shared. Once we can build relationships with these teenagers we would like to start small groups which would then lead to church plants.

PROJECT HIGHLIGHTS:

- Performing in public schools
- Performing in churches or public places (*depending on school schedule*)
- Assisting with Creative Arts Club for Teens
- Sharing the gospel through the Performing Arts (Music, Dance, Choreography, Miming)
- Getting to spend time in one of Europe's more historic cities
- Getting to know Portugal's people and culture

COST:

The cost of this Project is based on transportation, accommodations, local costs and can be divided into easy, multiple payments.
