### THE REQUEST FROM OUR MISSION PARTNER IN NAIROBI, KENYA:

Kenya is a country going through major changes trying to rise from being a third world country. Nairobi has become a very international city with many multi-national people groups. Music is very much a part of society in Kenya, yet there is no formal music education in the local schools; only private schools have music programs. Music is the best way of connecting with the younger generation of Kenya and is also the most effective means of sharing the Gospel with students. Most schools have a diverse population with family backgrounds ranging from Evangelical Christian, to Hindu to Muslim, even in Christian Schools. Kenya is also very much open to the gospel being presented in schools.

### PROJECT OBJECTIVE

A music mission team can help by:

1. Connecting with students by presenting the Gospel through the medium of music
2. Connecting with students in existing music programs through masterclass interaction
3. Connecting with Christian students to encourage them in their musical studies and to use them to glorify God

### PROJECT HIGHLIGHTS

1. Concerts in local public schools
2. Concerts and /or masterclasses in Christian Schools with music programs
3. Concerts or leading worship in a local church
4. Game Drive in Nairobi National Park - The only game park in the world that is adjacent to the city limits of a major city

### COST

The cost of this Project is approximately \$3,000 and includes air and ground transportation, accommodations, a GMP Travel Leader, insurance, Project Development and can be divided into easy, multiple payments.
